To Whom It May Concern,

I have been asked to write a letter of support in recognition of the work that the Prevention Management Organization does here in Fremont County, and I do so with great enthusiasm!

As a representative from Central Wyoming College, I have been active within the Alcohol, Other Drug, and Tobacco efforts of the Fremont County Prevention Coalition, as well as the Fremont County Suicide Prevention Task Force, since the inception of the PMO's efforts. The work of Kelly Rees, Tauna GroomSmith, and most recently with the addition of Michelle Widmayer, has developed into the strong "trifecta" of community work in every area of AOD, Tobacco, and Suicide Prevention. Without their strong leadership and collaboration with community members like me and the College I work for, prevention efforts in the county would likely be disorganized and weak. It is because of the PMO and their staff here that prevention efforts in Fremont County are always moving forward, totally organized, and strong.

I hope that the Prevention Management Organization continues in its efforts and recognizes the strength of their team here in Fremont County that is so desperate for efforts in every category of prevention. If there is anything else I can do to speak to my support of the PMO, just let me know!

Sincerely,

Lance W. Goede MA, LPC, NCC
