To Whom It May Concern,

Greater Wyoming Big Brothers Big Sisters is pleased to offer their support to the Prevention Management Organization of Wyoming in their grant application to the Wyoming Department of Health.

Greater Wyoming Big Brothers Big Sisters and the Prevention Management Organization of Wyoming have a shared vision of creating a healthier community for youth and their families. The Prevention Management Organization of Wyoming's efforts on policy change have helped with the development of that vision. We have had the opportunity to work with the Prevention Management Organization of Wyoming to offer QPR Suicide Prevention training to over 40 of our employees and are looking forward to distributing Talk Early and Often booklets to our families next month. We have also partnered with the Prevention Management Organization of Wyoming to distribute the Wyoming Association of Sheriffs & Chiefs of Police "Let's Be the Influence" materials.

We look forward to continuing to collaborate with the Prevention Management Organization of Wyoming as we work toward building a healthy community.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Hamaker".
