Charlotte & Rachel,

I write this letter of support for the Prevention Management Organization of Wyoming with gratitude. Having been in Park County, Wyoming since 2011 as a mental health professional, I have seen the impact that PMO has had on our community. There are many amazing programs your organization offers that would not otherwise exist without you and your efforts.

As a mental health professional, I feel truly blessed to have PMO in Park County. The trainings you provide for various groups, organizations and entities helps our community to better combat mental illness and addiction, and ultimately, save lives.

I strongly urge the State of Wyoming to continue its financial support of the Prevention Management Organization of Wyoming. Our community needs your presence, your hard work, your commitment, and your passion.

Thank you for all that you do,

Beth Gilb
