Buffalo, WY 82834

January 21, 2016

To Whom It May Concern:

The Prevention Management Organization (PMO) of Wyoming provides so many much needed services in our community, region, and state. Recently, Bill Hawley, Community Prevention Professional for Johnson County assisted the Kaycee-Buffalo-Johnson County Economic Development Joint Powers Board in developing a smoke-free policy for the Bomber Mountain Civic Center in Buffalo, Wyoming. The facility is home to Sheridan College of Johnson County, the Boys and Girls Club of the Big Horns, and several other smaller for profit and non-profit businesses.

Without the assistance provided by the PMO, the new policy would likely either have not been developed or would have taken much longer to be developed. This is just one small example of how the PMO assists the citizens of Wyoming.

Please support the PMO as they work toward their mission of creating a health promoting normative environment and to create environments that decrease the probability of substance use and suicide in the general population.

Thank you for your time and consideration.

Sincerely,

Dave Simonsen
CEO
