Steffanie Leicht
Community Prevention Professional
Prevention Management Organization of Wyoming
Laramie County Office

Ms. Leicht,

I write this letter in enthusiastic support for the Prevention Management Organization (PMO) of Wyoming, and specifically the work being done in Laramie County.

The Laramie County Community Partnership (the Partnership) is a community coalition of more than 65 partner agencies working to improve conditions of well-being for residents of Laramie County, Wyoming. The Partnership's work in the community dates back nearly twenty years, and has assisted in facilitating a number of successful initiatives through collaboration with partners and the integration of efforts with those who have a shared vision.

Meaningful collaboration has always been at the heart of community health improvement in Laramie County, and the PMO shares this core value. The Partnership and the PMO have worked together to spread suicide prevention training, and the Partnership is now assisting the PMO in spreading tobacco cessation materials via primary care clinics. As the relationship between our organizations has grown, we now endeavor to collectively identify priority areas within the community, pinpoint evidenced based interventions, and leverage our resources to effectively implement these strategies across Laramie County. The benefit to our united efforts will show as we continue to move the needle on important indicators of community health and well-being.

The Partnership intends to continue working closely with the PMO to create meaningful change in Laramie County. We have enjoyed working together, and look forward to continued success. If the Partnership can be of any further assistance, or provide any additional information on the collaborative working being done, please do not hesitate to contact us directly.

Sincerely,

A handwritten signature in black ink, appearing to read 'Josh Hannes', is written over a white rectangular background.

Josh Hannes
Executive Director
Laramie County Community Partnership
