Burns Jr/Sr High School

January 19, 2016

Laramie County School District #2

To those that may be interested:

It is with great pleasure that I write this letter of support for the Prevention Management Organization of Wyoming. I have worked directly with this organization this school year and have found that this program has a great deal to offer for our students and for the families within our community.

I was just exposed to the program during the first semester of this school year. The program has made a strong commitment to assisting the residents of Laramie County and the State of Wyoming. I personally have enjoyed working with this organization as they are cooperative, positive, knowledgeable, and they have an energetic approach to helping others.

I have found that the staff within this organization are dependable team members and I enjoyed having the privilege of working with them. They are very personable and are always willing to help meet the needs of others. They seem to thrive on challenges, and they show a great deal of initiative. I believe that these are all qualities that you are seeking as you look to fund this program.

Again, I would like to state that both individuals within this organization are delightful people that stand as true individuals. They have a warm sense of humor, and are committed to helping other people. I am asking that you give the Prevention Management Organization of Wyoming every consideration as you begin the process of refunding this program.

Please feel free to call me at any time for further information.
