

01/18/2016

To whom it may concern,

My name is David Briggs, I am a school psychologist with Laramie County School District #2. I am writing this letter on behalf of the Prevention Management Organization (PMO) here in Laramie County. I was contacted by two of their Community Prevention Professionals, Mikki Munson and Steffanie Leicht, late last year to setup a meeting to discuss my school district's needs. After a brief meeting and gaining a better understanding of our school district and region, Mikki and Steffanie were able to meet with our two high school principals and district superintendent to immediately establish a working relationship and start setting up programs. I especially feel like their collaboration on the "Talk Early Talk Often" booklets and their partnership with suicide prevention has been, and will continue to be, very beneficial to our school district.

Truly, Wyoming's rural nature results in various difficulties getting much needed services and supports. But, the PMO and professionals like Mikki and Steffanie exemplify a step in the right direction by reaching out, meeting county agencies where they are at, and building up much needed programs. I believe I can speak for my school district when I extend a heartfelt thanks to them in their efforts, and to say I look forward to working with them in years to come. I can endorse the Prevention Management Organization and their cause without hesitation. If you have any additional questions or need any additional information, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "David Briggs". The signature is written in a cursive, flowing style.

David Briggs, Ed.S., NCSP
School Psychologist
Laramie County School District #2
