To Whom It May Concern:

It is our privilege and pleasure that we are writing this letter of support for the Laramie County Prevention Management Organization of Wyoming.

We have had the opportunity to work with the team members for the past six months, in conjunction with the statewide office and we feel that their work has been invaluable in benefiting our communities in Laramie County. This organization has worked tirelessly to increase the levels of awareness and education for the important issues of substance abuse in our two school districts. The two team members at PMO, Steffanie Leicht and Mikki Munson, have been just that, great team members. Their organizational skills and outreach networking have enabled our law enforcement agency to distribute substance abuse materials throughout Laramie County.

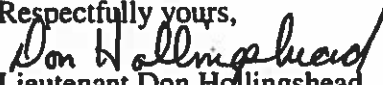

The staff has been dependable and we have enjoyed thus far working our first project with them regarding substance abuse. They are energetic, self-driven, very task oriented and seem to have no problem to go the extra mile to complete a project. The team seems to thrive on challenges with their self-initiative on any projects assigned to them.

We are looking forward to working with both Steffanie and Mikki in our continuing and future endeavors to improve the quality of life in Laramie County. They, like us are committed to helping our citizens live a healthy and more productive life. Through continued collaboration and partnerships, the Prevention Management Organization of Wyoming, we feel that they are successfully reaching out to our local communities in making them better.

We are asking that you give the Prevention Management Organization of Wyoming every consideration as you begin the process of refunding the program and so that they can continue their work with us in Laramie County.

Please feel free to call either one of us at any time for further information.

Respectfully yours,

  
Lieutenant Don Hollingshead
