Dear Kerry,

It is my pleasure to write this letter in support of the Prevention Management Organization of Wyoming in Niobrara County. Niobrara County School District #1 has directly benefited from the collaboration of the PMO and the local mental health provider, Solutions For Life, to provide QPR suicide prevention to our employees. We have also appreciated partnering with you to distribute the First Lady's *How To Talk To Kids About Alcohol & Other Drugs* booklets to parents in our community.

I fully support and will continue to foster the relationship between our school district and the PMO. It is not easy to prepare our students for success without a quality partnership that is focused on prevention, so I look forward to continued collaboration with Kerry.

If you have any questions or would like further clarification please don't hesitate to contact me.
