Cody, WY 82414

Dear Prevention Management Organization of Wyoming,

PCCASA (Park County Coalition Against Substance Abuse) is pleased to have the Prevention Management Organization of Wyoming as a leader in our coalition. PCCASA exists to increase awareness of and reduce substance abuse among the people of Park County.

The Prevention Management Organization of Wyoming has been instrumental in building a marijuana and alcohol workgroup within PCCASA. They have also been instrumental in leading the efforts to bring exceptional speakers to the Wellness Roundup Prevention Week. PCCASA has also benefited from the Suicide Trainings the PMO has provided to our communities.

We respectfully request that the Prevention Management Organization continue to receive funding for their prevention efforts in Park County, Wyoming.

Sincerely,

Abbey Brewer Scott
PCCASA Board President
