Quinn Hutcheson

Community Prevention Professional

Prevention Management Organization of Wyoming

Platte County Office

951 South Street

Wheatland, WY 82201

Dear Quinn:

I am writing this letter to thank you for the prevention work you do in our community, you and the PMO have been a great support in helping our community become more aware and educated in the areas of substance abuse and suicide prevention. Quinn I appreciate the ideas and knowledge you bring in helping the people of our community work more closely together becoming a stronger support for our citizens.

Quinn, I am so thankful in the way that you preserve and creatively think when faced with aversion to change. I appreciate your attention to our needs as community peers as well as the community as a whole.

I want to truly thank you and your organization for your continued service and support. You make a difference in what we are all working toward, a healthy and safe community.

Sincerely,

Shawni Young
