

Powell Police

Roy Eckerdt, Chief of Police

"In Pursuit of Justice, Peace, and Order"

TO: Charlotte Carlton and Rachel Williams
FROM: Chief R. Eckerdt
DATE: January 26, 2016
SUBJECT: PMO and Park County

Charlotte and Rachel,

For years Park County has been plentiful in Coalitions, as a result one of my observations of Park County when I assumed the position of Chief of Police was that many of the same stake holders were attending the different Coalition meetings, discussing the same information but lacking a concerted effort. No one was connecting the dots or streamlining the process resulting in a large amount of duplicated efforts and creating funding needs for each coalition as opposed to a coordinated effort with limited funds.

Charlotte and Rachel, you two bring not only the knowledge, skills and abilities needed to these efforts, you also demonstrate a passion for all arenas of prevention. You are truly invested in our prevention efforts and have brought continuity to these programs. With shrinking budgets and resources the coordinated efforts, plus coordinated messaging are an asset to our communities. Egos are often a barrier to success, you two have worked very well with the previously established coalitions to bring continuity and unity to our prevention efforts, demonstrating a humble attitude, respecting what has been done, while still assisting to move prevention efforts forward.

Thank you for your determination and diligence in prevention efforts for the wellbeing of not only Park County, but the State of Wyoming.

Roy S. Eckerdt
Chief of Police
Powell Police Department
Powell, WY 82435
