Ms. Cassandra Crumpton
Prevention Management Organization of Wyoming
455 Broadway
Rock Springs, Wyoming 82901

Dear Ms. Crumpton:

I wish to strongly support your grant for continued operation of the Prevention Management Organization of Wyoming (PMO).

Wyoming has a high incidence of suicide, alcohol, tobacco and drug use, and the chronic diseases associated with such use. PMO's services are needed now more than ever. PMO's highly-trained professionals provide technical assistance, guidance and support to local communities. Suicide Prevention Training, tobacco cessation promotion, and prescription drug disposal are great examples of programs provided by PMO that are making a difference in our community.

As a Rock Springs City Council member, I fully support the work of the PMO. We have successfully worked together in the past, and look forward to partnering with you in the future to improve the lives of our citizens.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tim Savage', written over a light blue horizontal line.
