RE: Letter of Support

PMO of Sweetwater County

Attn: Ms. Cassandra Crumpton

Dear Ms. Crumpton:

It is my pleasure to write this letter of support for the Prevention Management Organization of Sweetwater County.

PMO of Sweetwater County has made a positive impact on our County through education, training, and partnerships. Examples include TIPS training for alcoholic beverage servers and the Safe Event Tool Kit, QPR training for suicide prevention, prescription and over the counter drug drop off, disposal, and medication donation at both the Rock Springs and Green River police departments, distribution of educational materials in the schools, participation in the Life R U Ready event, and the Quit Tobacco program.

PMO of Sweetwater County also collaborates with many State organizations such as the Wyoming Department of Health, Wyoming Association of Sheriffs and Chiefs of Police, Wyoming Department of Revenue State Liquor Division and the American Foundation for Suicide Prevention, to name a few, in order to facilitate the efforts in Sweetwater County.

The local and State connections are strong and show a commitment by PMO of Sweetwater County to address the many issues we face related to our citizens making good choices.

I fully support the efforts of PMO of Sweetwater County. All of these programs will help our citizens make better choices about alcohol, drugs, tobacco, and the consequences, and will benefit our communities and the future of the people who live and work here.

Sincerely,

Rose Mosbey
