Tracy Young  
Community Prevention Professional  
Prevention Management Organization of Wyoming  
Albany County Office  
121 Grand Ave, Suite 206  
Laramie, WY 82072

Dear Tracy:

Associate Vice President and Dean of Students Sean Blackburn and I want to convey our utmost support as you pursue continued funding through the Wyoming Department of Health. The Prevention Management Organization of Wyoming, that you lead in Albany County, does outstanding work. So much of the success in Albany County, is due in large part, to your commitment and leadership in making a difference with youth and college students in Laramie.

Your ability to draw together a wide variety of groups for collaboration is impressive. We have made significant strides in our work in the community addressing drug and alcohol awareness and prevention. I'm certain that sustained funding will be needed as we proceed with county-wide initiatives.

Over the last number of years as we have worked together through community collaborations around alcohol licensing, the Binge Think initiative, data collection and community relations, I am very appreciative of the significant role the Prevention Management Organization of Wyoming has played. Your dedication to our alcohol awareness efforts on campus through the AWARE program and A-Team and our implementation of alcohol.edu and HAVEN for all new freshman and transfer students is greatly appreciated.

Dean Blackburn and I give our full support to you in your proposal for grant funding. Our work together is making a difference now and will continue to in the future with continued hard work and funding.

Most sincerely,

Sara Axelson, Ed D  
Vice President for Student Affairs
