Subject: Prevention Management Organization-Fremont County

Dear Kelly:

I'm happy to write this letter in support of the efforts of the Fremont County Office of PMO.

It takes a village, and the efforts by Kelly Rees, Tauna GroomSmith and others with PMO have been a big help to the overall effort on issues such as seat belt usage, drinking and driving, suicide prevention awareness trainings and policies, underage tobacco use, revision of policies regarding public "alcohol events," and smoke-free workplaces and restaurants. I'm sure I'm missing other things; Kelly and Tauna have their hands "literally" involved in many worthwhile projects meant to help people in Fremont County.

I was asked to be part of Fremont County's PMO Leadership Team and the Strategic Planning Process. Through this entire effort, PMO emerged as a stronger advocate for the people of Fremont County and the challenges that face this diverse county and its people, including residents of the Wind River Indian Reservation.

I wholeheartedly support the efforts of PMO in Fremont County. If anything, they need help to continue to do their important work – all aimed at improving the health of Fremont County.

Thank you for the opportunity to speak on behalf of the work of PMO in Fremont County.

Please feel free to direct any future questions regarding PMO work in Fremont County to myself at (307) 431-1803.

Respectfully,

Cody Beers  
WYDOT Public Relations Specialist, Riverton
